

St. John Bosco Conference

Campus Ministry Track

The Campus Ministry Track is a comprehensive program offering the methodological, philosophical, and doctrinal topics essential to evangelizing and making disciples on college campuses. Any effort to reach college students must start with a proper Catholic worldview and a missionary mindset. Through presentations by veteran campus ministers, this track will take you through proven practical steps for developing and growing your campus ministry. Attention is particularly given to sustained, long-term growth and not just short-term gains. You will also have the opportunity to connect with other like-minded campus ministers for mutual support and fellowship.

Campus Ministry (CM) Track

Campus ministry at today's colleges and universities has become an immensely challenging endeavor. This track offers a two-part set of workshops designed to meet the unique needs of those tasked with ministering to young people during this transient and tumultuous time of life. At the heart of this track is a recognition that any effort to evangelize and make disciples of college students must start with a carefully formed Catholic worldview and a genuine missionary mindset. Workshops by veteran campus ministers explore the essential steps for developing and growing an effective campus ministry program that is attentive both to seekers and those needing deeper, ongoing spiritual growth. Attention is particularly given to achieving sustained long-term growth with college students, not just short-term gains.
